12:00 PM	GUI Workshop II Issues	Eugenié Del-Colle
12:30 PM	Adjourn	

Workshop Scope

Workshops are a review of operations interfaces.

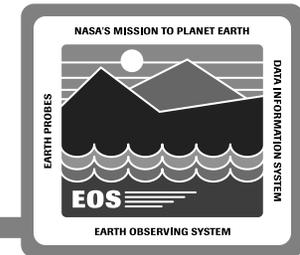

Information on operations interfaces provided by Workshop

- **Information available to Operations Staff in order to perform a function**
- **How the information is laid out on the screen**
- **What control points are available to Operations Staff.**

Workshop threads are designed to highlight GUIs relating to functional sequences.

Presenter will note segue points to other GUI screens which were discussed in GUI Workshop I & II.

Workshop Groundrules

Participants have familiarity with Release A Data Server, Document Data Server, Advertising, and MSS design.

All Issues will not be resolved at the Workshop.

Issues not resolved at the workshop will be logged in Workshop Proceedings and will be addressed offline.

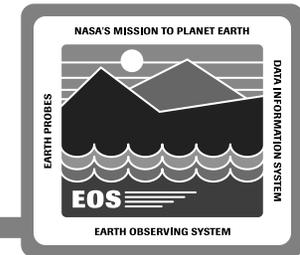

Facilitator will intervene when no progress is being made.

- **Offline discussion**
- **Action Item**

Review Panel

- **Review panel to consist of 1 representative from each Release A DAAC.**
- **Review Panel will resolve conflicting comments.**

Workshop Comments

Comments on GUIs to be discussed, promoting a "working session" atmosphere.

Recorders will be assigned to capture all open issues.

Issues will be reviewed at the end of each presentation section

Comments Tracking Tool (URDB) will be used to track each Issue and Response.

List of all Workshop III Issues will be distributed to attendees by COB 5/10/96.

Responses to Workshop III Issues will be provided by 6/15/96.
